**What It Is, and How Corrected.**

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 S. Elm St.

## BANDS FOR THE TOURNAMENT.

**First Regiment and Gate City Bands Have Been Secured.**

Prof. Clarence R. Brown, chairman of the music committee for the Gala Week, informs us that the renowned First Regiment Band, now located at Asheville, has been secured to furnish music during the entire tournament week. This is generally admitted to be the best musical organization in the state and the music committee has secured a crowd-drawing attraction. The band will arrive here at noon, August 1st, bringing both string and brass instruments. It will play in the grand firemen's parade that afternoon and will furnish music at the industrial exhibit in the Banner Warehouse every morning and afternoon during the festivities. The First Regiment Orchestra will furnish music at two receptions to be given during the week by the Merchants' and Manufacturers' Association.

The Gate City Band of this city will also furnish music during the week of the tournament, making its first appearance in their new uniforms. This organization will play at the Good Roads Congress, at the horse races and at other events during the week. The "Gate City Band" has been practicing every night since its organization and with continued practice until the tournament will make music that Greensboro will be proud of. The music committee has acted well.

## ATTEMPT AT PISONING.

**Washerwoman Tries to Kill Little Jennie Vanstony.**

As three-year-old Jennie Vanstony, daughter of Mr. and Mrs. C. M. Vanstony, was just recovering from a severe illness, she came near meeting death Friday night by poisoning, the treacherous work of Sallie Rierson, colored, the family washerwoman. During all its illness the baby had been carefully watched and nursed and the Rierson woman had not been allowed to administer to it. While the family was at supper Friday night the little one was left alone in the room and the woman, going into the room for something, poured a quantity of paragon into a bottle of peptonoids which was being given the baby.

Mr. Vanstony was assisting his wife to give the medicine a short while afterward and the dose had been placed in the baby's mouth when Mr. Vanstony smelled the paragon and prevented the little one from swallowing it. The family physician said the dose would have proved fatal in half an hour.

Saturday night the Rierson woman admitted having mixed the medicine, saying she intended to make the baby sleep. She soon left the house and the police have been unable to find her. The woman is about 25 years old.

## From Squashtown.

The managers of the West End baseball team received the following amusing note on a registered postal card this morning:

Squashtown, N. C., July 8, 1899.  
Dear sir, eq.—  
I got your nice letter this a. m. I will cum to yore lawn party and rid my bicycle if u will sett me up to Ise Kream an slice of Watermillion. I can't rid much but I will trf all is well as common except the Baby which is sick.

from yores,  
trooly  
Ephraim Haystack.

## The Train That Didn't Go.

The colored excursion which was scheduled to leave here this morning for Roanoke, didn't go. The managers said they had a crowd, but the crowd was on the platform and did not seem disposed to buy tickets until the train was enroute; and this being the case the managers were unable to dispose of enough tickets to raise the amount necessary, before the train could depart.

All the ticket money was refunded, and about 11 o'clock the festive sons and daughters of Ham returned home much disappointed.

## Will Go to Charlotte.

Herman Buchanan, one of Greensboro's most popular young men, who has been employed in the office of Capt. Dodson, will soon leave this city for Charlotte, where he has accepted a position as accountant in the office of the superintendent of track, bridges and buildings of the Charlotte division. Mr. Buchanan is a bright young man and has won promotion fast since his connection with the Southern. His many friends, though glad of his continued rise, will regret to see him leave.

## Attention, Firemen!

A regular meeting of the fire department will be held in firemen's hall on Tuesday night, 11th inst., at 8:15 o'clock. Let every member arrange to be present. Only a few more days in which to get ready for the tournament. By order of

J. Henry Phipps, Chief.  
E. L. Clarke, Secretary.

## APPOINTMENTS BY M'KINLEY

**Instructions Received From General Otis.**

## PRINCE MONACO'S DECLINATION

**To Fight a Duel With Count DeCastellane On Account of the Dreyfus Case.**

By Cable to THE TELEGRAM.

Washington, July 10.—The president today appointed the following for service in the Philippines: Lieutenant Colonel of Volunteers, Major Bell; Assistant Adjutant General of Volunteers, Capt. Sargeant, colonel of the Fifth infantry regiment of the war with Spain, Captain Bereton, Twenty-fourth infantry; Captain Plummer, Tenth infantry.

General Otis cabled today: Two veteran regiments assured. Will enlist about thousand. You can appoint eleven second lieutenants for first regiment and nine for second regiment to recruit in United States. All other offices filled.

## PRINCE MONACO DECLINED.

Paris, July 10.—Prince Monaco has declined to fight a duel with the Count D'Castellane on account of the Dreyfus case. In reply to Castellane's challenge, Prince Monaco openly gives the reason for his declination the fact that Castellane is beneath his station, adding that he has reason to believe that Castellane has assumed the title of Count when he is not entitled to it. Monaco says that under the circumstances he considers Castellane's challenge as impertinence and not entitled to notice.

Let every one attend the Mass Meeting at the Court House tomorrow night at 8 o'clock, to discuss the Bond Issue. This is a matter of greatest importance to every taxpayer of the town.

## To Cut Away the Hill.

The long-looked-for cutting away of the hill on lower South Elm street will most probably begin tomorrow morning and the street force will be occupied there until the street is much nearer level. Supervisor of Streets Bandey leaves tomorrow for Charlotte to attend the Good Roads Convention and is today arranging for his force to begin work at the above named place. This is a task that has been long delayed, but Prof. Bandey will work as large a force as the committee will allow and hopes to complete the work in a short while.

## Change Made.

According to a notice published elsewhere, the Southern Railway will hereafter deliver freight from the regular freight station and ship from the old C. F. and Y. V. station. This, it appears will be a good arrangement, as where there is such an immense volume of business, much confusion and delay can be avoided by having a shipping station and a receiving station separate.

## Notice.

All members of Guilford Lodge No. 1777 K. of H. are requested to meet in K. of P. Hall Tuesday evening 11th inst., at 8 o'clock. Business very important to all, to be transacted. Those who have not received their benefit certificate can get same there at this time.

B. E. Jones, Reporter,  
J. S. Moore, Fin. Reporter.

## Check Your Dog.

Chief Scott requests us to state that dog days are over and that after today every unchecked dog caught on the street will be impounded. If you value your pup, check it. Checks can be had from any of the policemen for one dollar, the regular dog tax fee.

## Court Opened Today.

Judge Timberlake arrived at noon from Louisville and opened court immediately. The jury was drawn at 1 o'clock and court adjourned for dinner. This is a continuation of the special term and will continue throughout the week.

## Tomorrow's Excursion.

The excursion from Winston to Wilmington passes Greensboro at 9:0 o'clock tomorrow morning. This will be one of the best managed and most delightful excursions of the season and will remain in Wilmington for three days.

## An Awful Fate.

Rupret—They can say what they will about the Cuban soldier, but one of them saved my life at San Juan at the expense of his own.

Ethel—Oh, the noble fellow! How did it happen?  
Rupret—He stole my can of beef and ate it himself.—Judge.

## NOTES FROM HIGH POINT.

**The Local News From Our Neighbor Briefly Told.**

TELEGRAM BUREAU

HIGH POINT, N. C., July 10. Willis Burns has opened a barber shop next to the mayor's office on the street back of W. A. Ring's drug store, and will be pleased to see all of his old customers as well as new ones.

Capt. W. E. Johns, of Mt. Airy, arrived on the southbound local last night. He and his son, W. E. Johns, Jr., are contemplating building a factory for the manufacture of furniture here soon.

Walter Marsh, of the Monarch Roller Mills, was a guest of Greensboro yesterday.

Several boxes containing bird dogs from Fair View kennels near here, were at the depot last night going to Cincinnati, Ohio. They were a fine looking set of dogs and were the property of Mr. W. G. Brokaw, owner of Fair View kennels.

Depot Agent Fred N. Tate, formerly stationed at this place but now of Charlotte, N. C., was city guest yesterday, returning home last night. His friends are always glad to see him.

Messrs. J. L. Sechrest and A. V. Sapp left this morning for the mountains, going by private conveyance. They will be gone several days and will touch at some of the summer resorts of Western North Carolina.

An employee of the Globe Furniture Co. by the name of Woodford, while tightening up something about a moulder Saturday morning about 4 o'clock, had the misfortune to get his hand caught and mashed so badly by the machine that amputation was necessary. Dr. Stanton, assisted by Dr. McAnally, performed the operation and dressed the wound satisfactorily.

The North State Trouser Factory is the name of the new enterprise recently organized for the manufacture of trousers here. C. A. Barbee is proprietor. It will be ready for business in a few days.

The old toper is not to be outdone when it comes to carrying "bug juice," along with him for convenience and he appears upon the scene with a walking cane made of tin, painted black, and holding one pint of corn whiskey or other intoxicants. The inventive genius has placed a screw arrangement on the large end of the "stick" and all you have to do is to take it off, elevate the lengthy schooner and satisfy your burning appetite. The walking stick has been in use for some time, but how about this new walking barroom?

The revival services at the M. P. Church will continue through next week. A good deal of interest has been manifested during these meetings and it is hoped that great good will be accomplished ere the services close.

W. E. Lewis has moved his family here. They arrived this morning. Glad to have them with us.

The remains of Mr. Hunter Dalton, who died of acute cerebral congestion in Baltimore last Friday evening, arrived here yesterday morning and the funeral services were conducted in the Presbyterian church at 11 o'clock by the pastor. The remains were accompanied by members of the B. P. O. E's, of Danville, Va., an order to whom the deceased belonged, some of whom with other friends acted as pallbearers. His mother, who is now in Mocksville and his brother Will, of Tampa, Fla., could not get here for the services. The former is in ill health. The floral offerings were among the most beautiful the writer ever looked upon and completely covered the grave. The funeral and burial services were largely attended and many a heart was saddened as they looked for the last time at the face of their friend, acquaintance, loved one and relative.

The remains of Mrs. A. L. Mendenhall were interred in Deep River cemetery yesterday morning at 12 o'clock. Rev. A. G. Kirkman, of Greensboro, preached the funeral. The deceased was a sister to Mrs. Phoebe Horney, Mrs. Levi Horney, and Mrs. Ransom Davis of this city and has many friends in this neighborhood who will learn of her death with sorrow. She was a devout member of the church and a good woman.

Engineer Teague, who runs on the Asheville division of the Southern, but who has been off duty for several days on account of sickness, returned from his home in Winston last night.

By Cable to THE TELEGRAM.

Paris, July 10.—The Figaro publishes a letter today from M. Louis Havel, a member of the French Institute, which gives particulars of the ill treatment to which Captain Dreyfus was subjected during his confinement upon Devil's Island. Upon arriving at the island, he was not landed immediately but was kept for four days in the lower hold of the ship, where the temperature was 113 degrees. Subsequently he was fed upon bread and water alone for a month.

## Lynching in Kansas.

By Wire to THE TELEGRAM.

Alma, Kansas, June 10.—James Randers and Richard Williams, both colored, were arrested yesterday, charged with murder. Yesterday Sheriff True, of Waubesa county, brought Randers to Alma to lodge him in jail. When he arrived a mob of two hundred met him and the prisoner at Rock Island station.

As the prisoner was being placed in jail, he was seized and dragged with a rope around his neck for a block and hanged to a telephone pole. He was later cut down and taken to the jail by Marshal Pippert, still alive. He cannot live and it is feared he will be again taken from jail and re-hanged by the mob.

Let every one attend the Mass Meeting at the Court House tomorrow night at 8 o'clock, to discuss the Bond Issue. This is a matter of greatest importance to every taxpayer of the town.

## BRIGGS AND POTTER.

We hate to see in some of the newspapers so much space surrendered to an airing of the skeptical views of Dr. Briggs. The fact of the mere discussion of such a delicate question as this backslider has proposed, is potent for evil in that man's naturally weak judgment is only too prone to fall into error and his faith easily shaken by false suggestion.

Yet, notwithstanding a mere discussion of Briggs' atheism, which should not be noticed, is, as we say, dangerous, we are pleased to see that able writers, among them the editor of the Atlanta Constitution, are proving by the most indisputable reason that his position is false, misleading and false.

The fact that Dr. Briggs was, after having been ejected by the Presbyterians, admitted to the Episcopal church by Bishop Potter, was a strange occurrence to many devout Episcopalians, and the incident has given rise to the question, "Has Briggs become an Episcopalian or Potter a disciple of Briggs?" which we think could be easily answered by the following slight evasion: That both have become, in this elegant but truthful phrase of a certain rustic brother, "D-r-n phools." But the Atlanta Constitution thus obviates the mystery:

"Bishop Potter received Dr. Briggs into the Episcopal church and ordained him as one of its preachers, not because Dr. Briggs indorsed the dogmas of the church, but because Bishop Potter entertains views of the Bible precisely similar to those of Dr. Briggs. The bishop not only entertains these views but publicly avows them."

And here is the manner in which both of the infidels dispose of the Bible:

"The Book is a literature, priceless, incomparable and most precious, but still a literature, and it must accept, and those who love and reverence it must accept for it, the conditions of its existence."

And the Constitution's editorial continues:

"What are these conditions? Why, they are precisely such as are filled by the works of Shakespeare, Homer, Virgil, Dante, Milton, and other makers of the world's literature. They are the conditions which apply to men's works. If the Bible is literature it is from the hand of man. It has its literary aspect, of course, for it is transcribed by the hand and translated by the learning of man; but to say that it is literature, as Potter says, is to deny its supernatural aspect, and to deny, and destroy, and obliterate by one word all the promises and prophecies which were fulfilled by the coming of the Son of Man."

If [the Bible] is to be deprived of its supernatural authority, and stripped of the divine significance which Christians have always attributed to it—if it is simply from the hand and brain of man—it ceases at once to have any coherence, and becomes incredible. The greater part of it, indeed, ceases to be literature, but it is without form and void; it falls to pieces and becomes meaningless.

And, indeed, is one proof of its inspiration, of its power over the minds of men—namely, that the moment we regard it as man's work—as literature, its whole scheme and system, its purpose and port, its awful beauty and significance fall into meaningless confusion. So that we cannot preserve the Bible even as literature unless we admit its supernatural significance, and agree that it shadows forth the divine purposes and promises.

"Therefore, we would rather part with Briggs and Potter and the whole posse of infidels, agnostics and doubters than to surrender the smallest scrap of God's Word. And in this, all intelligent men will agree with us."

No intelligent person will be deceived by a hair's breadth by Briggs' and Potter's hostility to the divine inspiration of the holy scriptures. The fact of these two latter-day critics opposing their weak, finite "reason" and "spiritual intuition" against the infinite and all-wise plans and purposes and works of the Almighty is, nothing short of the ridiculous. The old book has lived down through the ages, growing stronger and stronger, beau-

tiful and sublime in its simple truths, bringing that peace to weary mankind which no other penitence the world has yet produced has been able in any measure to give, and despite the attacks of such infidels as Briggs and Potter will continue in its grand mission till time shall have ceased to be.

The sudden sea city of news from the Philippines means that McKinley has scented the general dissatisfaction at the course of events at the seat of war and—well, the blue pencil man has received his orders.

## SENATOR JAMES K. JONES

Will Return in the Fall and Probably Assume

## THE NATIONAL CHAIRMANSHIP.

General Joseph Wheeler's Daughter Will Not Accompany Him to the Philippines.

Special to The Telegram.

Washington, July 10.—Senator Martin, of Virginia, is being prominently mentioned in connection with the chairmanship of the democratic national committee. The senator is one of the most adroit politicians in the country, experienced, and well calculated to lead a party in a successful campaign. In spite of the talk, however, the general opinion among Virginia politicians in Washington is that the senator will not seek the position and that he will content himself with leading his party in the state. Representative Epes, of Virginia, however, who is in the city, is heartily in accord with the idea of naming the senator for the chairmanship to succeed Senator Jones of Arkansas. He is quoted as saying that probably Senator Jones will not be physically able to retain the office, and if so it would be beneficial to have at the head of the party in 1900 a man of such proved ability as Senator Martin.

On the other hand friends of Senator Jones, as stated some time ago, deny the stories published from time to time regarding the senator's physical condition. They say that he will return to the country in the fall and will resume his active work at the head of the party organization. Friends of Senator Jones do not believe that he has any idea of retiring from the chairmanship, and they think that all talk of the possibility of a vacancy at present is without foundation.

Senator Martin, like Senator Jones, is a friend of Bryan, is in favor of his renomination, and is favorable to the silver plank again being incorporated in the party platform in 1900. The senator is opposed to trusts and is not a believer in the policy of the president regarding expansion.

When in Washington, Representative John Allen, of Mississippi, always stops at the Hotel Cumberland. The news of the death of the congressman's mother, has caused much regret here, and many expressions of sympathy have been heard.

Friends of Representative Allen in this city are watching the senatorial canvass with keen interest. Most of them believe that he will be elected. It is conceded, however, that he will have a close contest with Governor McLaurin.

Friends of Congressman Williams, the third candidate in the field for the United States senatorship, say that he will be a strong factor in the contest, and many look for him to come in a winner in the event of a protracted struggle in the legislature.

Friends of Representative Bankhead say that he is in the lead for the democratic nomination for speaker in the next congress. It is thought that he will secure the votes of several members from North Carolina and Virginia. It is said also that he will get nearly the solid South Carolina delegation.

Representative Henderson, of Iowa, left Saturday night for Boston, Mass., a companion by his wife and daughter. The general will spend the summer months at some point, it is said, along the Massachusetts coast. Friday the general went into the country, and did not return to his hotel until a very late hour. It is said that nothing has been done regarding the various committee assignments.

Ex-Governor O'Ferrall, of Virginia, came over from Richmond Friday night, and remained at the Metropolitan hotel until Saturday morning. Early Saturday he took the train for Baltimore where he goes on personal business.

It is stated that Miss Wheeler, daughter of General Wheeler, will not accompany her father to the Philippines. Miss Wheeler, it will be remembered, performed arduous duties in Cuba during the Spanish war.

## Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

## A Narrow Escape.

Thankful words written by Mrs. A. E. Hart, of Grotton, S. D. "I was taken with a bad cold which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1. Guaranteed or price refunded."

## When Calling on Your Sweetheart

Be sure that your linen is well laundered. A man can look very "shoddy" and "cheap John" with yellow edges to his collars and cuffs and his shirt bosom yellow and dingy. Our work has a clear, white, even color. We do not claim to be the best, but we claim to be as good as a y, and we challenge comparison with any laundry anywhere.

## FRANCE COOLING OFF.

The Popular Mind Becoming More Rational and Tranquil.

Paris, July 8.—The prospects of restoration of sanity, not to say justice, in France, never seemed so bright. Public opinion is now changing more rapidly than at any previous phase of the scandal, and indications are that by the time Dreyfus is acquitted his active enemies will be objects of popular reviling. Another revulsion of popular opinion is against the alliance with Russia, which is now practically dead, and the question is being asked whether England's friendship is not worth far more. The strong policy of the present ministry is creating its opponents, as the national craving for a man in control instead of a set of weak politicians is being realized.

## Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S. As by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a marvellous growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of ointments and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

## S.S.S. For the Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no poison, mercury or other mineral. Books mailed free by Swift Specific Company, Atlanta, Georgia.

**A "Dead" Engine Crawls.**

A "dead" engine which had been  
left standing on the track between the  
turn table and the South Elm side-  
walk, on the Southern's yard, rolled  
into the street about 10 o'clock last  
night and came near causing a serious  
accident. The heavy engine struck  
one of the crossing gates, knocked it  
down, and finally lodged itself be-  
tween the gate support and a telephone  
pole.

Mr. and Mrs. W. D. McAdoo and  
little daughter, Mary, were driving  
across the track on their return from  
church, and the falling gate missed  
their heads but a few inches. It re-  
quired some hard work and about an  
hour's time to get the engine back in  
its place. The accident was most  
probably caused by the brakes being  
left loose.
